FACTS ABOUT GIRAFFE

Giraffes are the tallest mammal in the world! They are between 16ft-19ft tall!

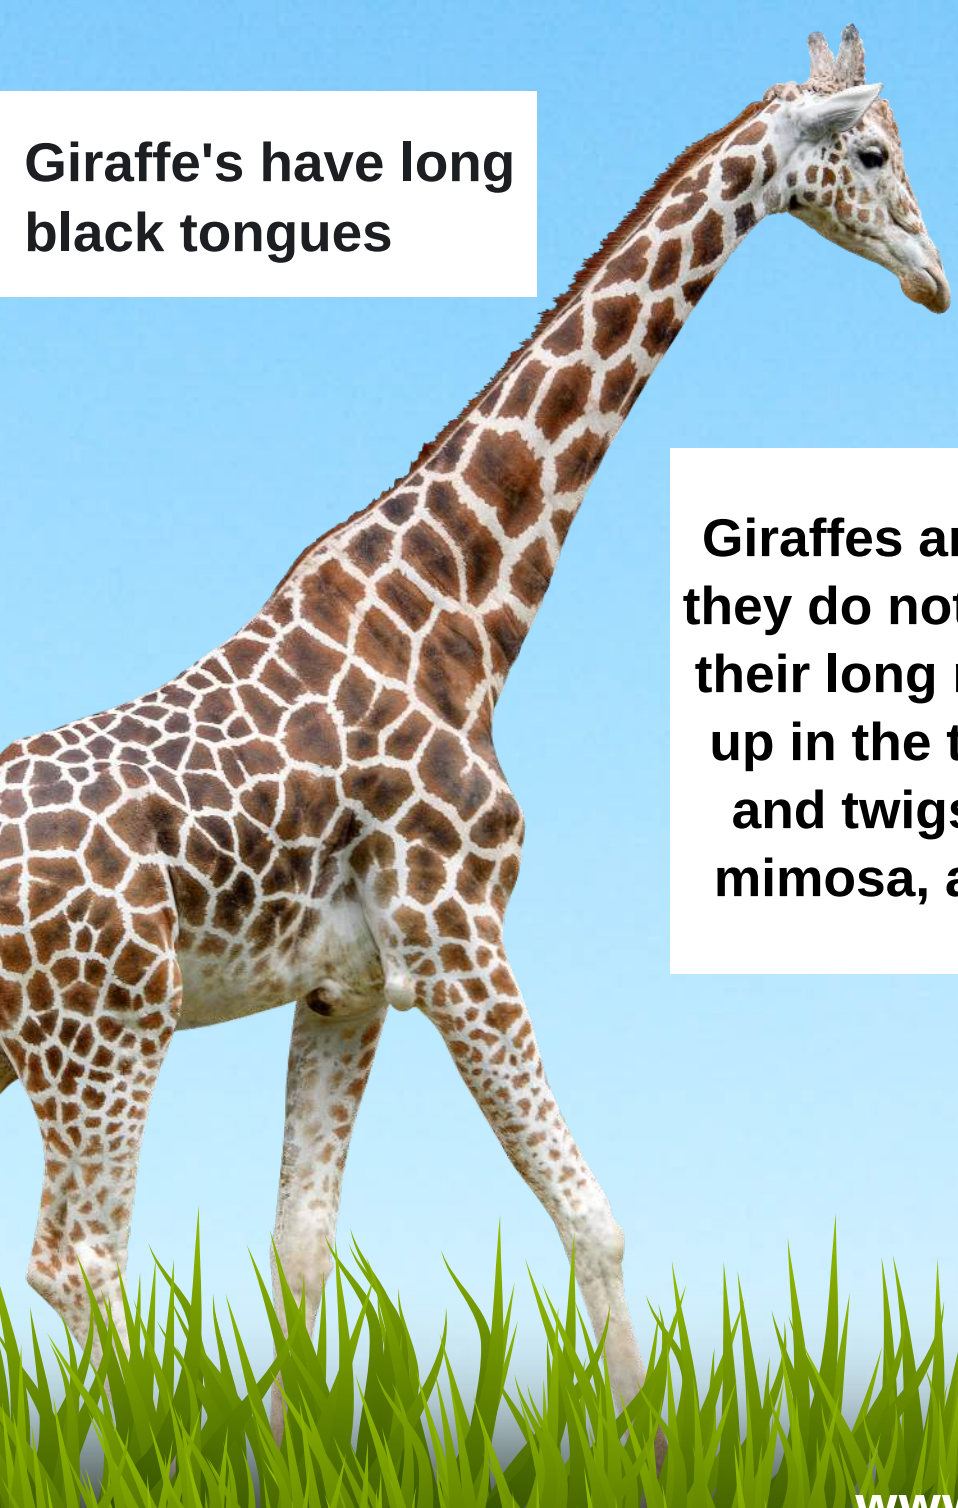
They can run as fast as 35 miles an hour over short distances, or cruise at 10 mph over longer distances.

Giraffes stand up pretty much all the time. They sleep standing up.

Giraffes live in African savannahs, grasslands or open woodlands.

The giraffe calf can stand up and walk after about an hour after birth.

Giraffe's have long black tongues



Giraffes are herbivores meaning they do not eat meat. Giraffes use their long necks to get food from up in the trees. They eat leaves and twigs mostly from acacia, mimosa, and wild apricot trees.
